THREE SIMULTANEOUS OFFENSIVES.

[FRANCE WIRELESS.]

LYONS, Oct. 9.
Cambrai fell into the hands of the British on Wednesday.

Three offensives, which were crowned with full success, took place simultaneously on Tuesday between Cambrai and St. Quentin, and in Champagne, on both banks of the Meuse.

Between Cambrai and St. Quentin the British, in conjunction with the French, made progress to a depth of five kilometres on a front of 40 kilometres.

The British forces continued their advance towards Buzignay and Bohain.

Several thousand prisoners and important material were captured.

In Champagne the French and American troops made progress north of the river Aisne and reached the outskirts of Courcy and Marchail.

In Argonne the Americans reached the heights of Cornay.

East of the Meuse the French and Americans' front, extending from Samogneux to Bois-des-Fosses, was carried 2,500 metres further north and now runs through Conseroye and the northern part of 1900 metres.

Three thousand prisoners were captured, while the advance re-establishes the front on the positions held before the battle of Verdun in February, 1916.

GERMANS FORCED TO RETREAT.

LYONS, Oct. 10.

The British and French forces north, south and east of St. Quentin forced the Germans to make a general retreat.

EXTENSIVE ADVANCE BY FRENCH.

The French have taken Beaurieux Wood, passed Fossemaire, reached Marcy, and have occupied Marce-sur-Oise.

The advance amounts to nearly eight kilometres east of St. Quentin. At present the prisoners amount to 2,000, and many guns and machine-guns.

ATTACK ON 20-MILE FRONT.

LAUNCHED IN STEADY RAIN.

OBSTINATE ENEMY RESISTANCE ENCOUNTERED.

LYONS, Oct. 9.

Field-Marshal Sir Douglas Haig reports—

Between 4.30 and 5.10 in the morning the Third and Fourth Armies attacked on a 20-mile front between St. Quentin and Cambrai, and advanced on the whole of this front to an average depth of three miles.

The night was stormy, making the assembly of troops difficult. The assault was launched in steady rain, but as the attack progressed the weather cleared, favouring operations, which were completely successful.

On the extreme right of the attack the Sixth Division and part of another English Division drove the enemy from the high ground south-east and east of Mont Brabant and captured Beaurieux.

In the right centre the 60th American Division, under General Lewis, captured Bismant after heavy fighting and further north and east took Premont, compelling the successful capture of over three miles in which they drove the enemy numbers from Fosse Wood.

On the Americans' left English, Scottish and Irish troops, including troops of the 25th and 66th Divisions, made equal progress and captured Serrail early in the day.

In the centre British and Welsh troops of the 38th and 21st Divisions broke through the German defences known as the Beaurvoir-Masnières line, and captured Malincourt and the trench line west of Wallcourt. They encountered obstinate resistance from strong enemy forces with machine-guns at Villers Outreux, which the Welsh captured after hard fighting.

In the left centre the 87th and New Zealand Divisions also broke through the Beaurvoir and Masnières line and deeply progressed east of it. The New Zealanders stormed Ledraim and captured Ennet.

On the left of the attack our 2nd and 8th Divisions had hard fighting about Serrailles, Niergnies and along the line Ennet-Cambrai Road. The enemy strongly counter-attacked in this sector using Tanks and pressed us back a short distance, but a counter-attack was stopped and the enemy's Tanks put out of action. We gained possession of Serrailles and Niergnies and resumed the advance. The capture of the German trench system known as the Ernes-Rouvray line from the Scarpe to beyond Oppy and captured Fresnoz-Montaubert and Neuville. We took several thousand prisoners with many guns.

Progress continues on the whole front.

SIXTY SQUARE MILES CAPTURED BY BRITISH.

FIERCE HOMERIC STRUGGLE.

LYONS, Oct. 9.

Reuters' Correspondent at British Headquarters, Niergnies to-day, says—

Yesterday's victory yielded us, besides prisoners, 60 square miles of territory and a great haul of field-guns, trench mortars and machine-guns. Moreover, important tactical results were achieved.

The enemy has been thrust back into the open country beyond any continuous defensive works.

A heavy counter-attack from the direction of Avion resulted in fierce hand-to-hand fighting, the enemy's numerical superiority compelling us at first to give ground.

A Naval Division took the strongly fortified village of Niergnies, capturing many prisoners.

"FRITZ ON THE RUN"

CANADIANS FIRST TO ENTER CAMBRAI.

CONSIDERABLE UNDAMAGED BOOTY CAPTURED.

LYONS, Oct. 10.

Reuters' Correspondent at British Headquarters, telegraphing yesterday evening, says—

Canadian patrols were the first to enter the town of Cambrai in the morning, when it was still burning at many points. The Canadians advanced warily through the town and reached the eastern outskirts at sunrise, encountering a thin screen of machine-guns. The enemy was evidently decided upon a last ditch fight, as considerable undamaged booty was captured.

A few more German Tanks appeared to-day, but were driven out of action by our artillery, advancing so rapidly that they were knocked out almost as soon as they appeared. The enemy then made a desperate attempt to break through the British lines, but was driven back by our tanks and artillery. We have now entered Cambrai.

NEW CHINESE Y.M.C.A. HEADQUARTERS.

OPENING CEREMONY.

The ceremony of opening the building which is to be the Headquarters of the Chinese Young Men's Christian Association, was performed yesterday afternoon in the presence of a large number of visitors, the edifice being suitably decorated for the occasion.

Punctually at 4 p.m., His Excellency the Officer-Administering the Government, the Hon. Mr. Claud Severn, C.M.G., accompanied by Commodore, Mrs. and Miss Turner, the Hon. Mr. A. G. M. Fletcher and Mr. P. P. J. Wodehouse, A. D. C., arrived and after inspecting the Guard of Honour composed of the Y.M.C.A. Division of the St. John Ambulance Brigade, under the command of Lt. Ho Kai, proceeded to the main entrance of the building where His Excellency officially opened the New Headquarters, being presented with a gold key as a memento of the occasion.

His Excellency then proceeded to the Auditorium where the addresses were delivered.

Amongst those present were Mr. J. M. Wong, (presiding), Bishop Bannister, Archdeacon Barnett, Dr. Morrison, Hon. Mr. E. R. Hallifax, O.B.E., Hon. Mr. A. G. M. Fletcher, Hon. Mr. P. H. Holyoak, Hon. Mr. E. W. Bird, Dr. Pearce, Dr. T. P. W. Rev. C. S. Cheung, Rev. Fung Pak, Dr. Lau Taz Wah, Dr. Lau Tung Sang, Rev. Yeung Leung Po, Professor Middleton Smith, Major Donald Macdonald, Mr. G. E. Anderson, U.S. Consul-General, and many other prominent European and Chinese persons.

After the Rev. Cheung Chingling had offered up a prayer,

Mr. J. L. McPherson, General Secretary of the Y.M.C.A., outlined the history of the Chinese Y.M.C.A. in Hongkong. He said: It was organised in Hongkong in 1901 with a small but enthusiastic membership. During its early years, as is usually the case with new and little understood movements, it had an up-hill path and frequently found itself in financial and other difficulties. It changed its premises three times in the first five years. In 1909 an era of prosperity set in and the membership was quadrupled, rising to nearly one thousand. From that time growth has been steady and constantly continuous, until now the membership is nearly two thousand. The first building scheme was proposed as early as 1907, but only completed at the beginning of 1913. This was the student hostel immediately across the street, its purpose being the housing of a number of students attending College in Hongkong but non-resident in the Colony. Funds for that building came from three countries—Great Britain, the United States and New Zealand. The contributions from the first two countries were obtained through the instrumentality of the International Committee of the Y.M.C.A. for North America, and that from New Zealand on the recommendation of a sincere friend of the Hongkong Association from its very beginning and whom we are very glad to have on the platform this afternoon. I refer to the then Ven. Archdeacon Bannister, now the Bishop in Hunan. The second building scheme was the one with which we are interested to-day. The rapid growth of the Association after 1909 made it very evident that a large and well-equipped building was essential and a request for help was sent to the International Committee. The result was an offer of \$75,000, gold, on the condition that a suitable site should be provided by local contributions. This was not an easy task, sites in suitable place being very scarce, but in 1913 the

investigation with all the zeal for
service new members usually show.
Who Mr. SHELLEN's successor is to
be has not yet been announced. The
appointment rests with His Excel-
lency the Governor. If it rested with
the community we should probably
see Mr. A. R. Lown returned, having
regard to his narrow defeat at the
ballot on a recent occasion. He
would be a useful member of any
committee appointed to make such
an investigation into the expenditure
on a Government Department.

The Far East has now two services
of news by wireless, in addition to
the voluminous service by submarine
cable. For some time past American
news has been supplied to Shanghai
and the Philippines by the American
Navy wireless, and now Shanghai
is getting a daily summary of war
news by wireless direct from Lyons
at a fixed hour each day. These
developments seem to be disorganizing
Reuters's service of news by
submarine cable. For example Hong-
kong was not supplied by Reuters
with any report of the important
speech made by President Wilson
last month on the occasion of the
inauguration of the Fourth Liberty
Loan—a speech to which special
reference was made in the German
Peace Note to President Wilson.
Our reproduction of this speech last
Saturday was from Shanghai papers.
Nor has Reuters's service from London
given us the text, or even the
gist of a very important letter which
President Wilson has addressed to
Germany asking for more explicit
information on certain points in
connection with the request for an
armistice. We have no objection to
Reuters's Eastern Agency relying
for American news on the
free American wireless service
to Shanghai (thus saving the costs
of transmission by submarine cable
from New York, via London to
Shanghai), but the Eastern news-
papers between Hongkong and Suez
if the general service they pay for
fails to cover such important items
of news as those we have referred
to, have a substantial grievance which
in the interests of the general public
should, and doubtless will, be repre-
sented in the proper quarter.

NEWS OF THE DAY.

LOCAL AND GENERAL.

The Chinese Government at Pe-
king has made a grant of \$100,000 to
the Kwangtung Flood Relief Fund.

All the Chinese papers in Peking,
which were recently suppressed, were
allowed to resume publication to-day,
with the exception of two.

The Norddeutsche Allgemeine Zeitung
learns that the German Government
will protest against the Chinese Prize
Law as being a violation of the Declara-
tion of London on sea warfare.

All departments of the Seamen's
Institute have now been re-opened after
extensive repairs. An announcement
on the subject will be found in our
advertisement columns.

The steamer *Kwangshai*, which left
Shanghai on the 10th inst., had to return
as by the time she reached Woosung
fire had broken out in her coal bunkers.
The damage is slight and she was
expected to leave yesterday.

The Rev. C. E. Darwent acknow-
ledges in the Shanghai papers the
receipt of \$50 from an anonymous
donor. "An old sailor," he is given to
charities, in lieu of flowers in memory
of the Rev. J. H. France, of Hongkong,
who has recently passed away. Mr.
Darwent is sending half to the Door of
Hope, and half to the Mission to rich
men. He trusts this will meet with
the approval of the kind donor.

It is with much regret we learn of
the death, at the Front, in France, of
Captain Gordon Elsie, formerly of the
Yangtze Insurance Company, in Shang-
hai. Captain Elsie was among the
first of the Shanghai commercial men
to volunteer for the front, and had
only recently been decorated for con-
spicuous bravery. He was a brother of
Mr. C. E. Elsie, lately of the
Yamden Oil Company, Hongkong.

THE MAGISTRATE.

"MAN WITH THE CROOKED EYE"

An Indian watchman of the Asiatic
Petroleum Co., summoned before Mr.
E. D. C. Wolfe another Indian for assault.
There was a cross-summons as well in
which the position of the litigants was
reversed.

Mr. Crist appeared for the prosecu-
tion and remarked, for the sake of
establishing the identity of his client,
"I am appearing for the man with the
crooked eye" (Lagatgar).

Mr. Murray, who is in charge of the
Petroleum Company's premises at
Tatkok Tsui, stated that the man who
had issued a cross-summons was an
employee of the company and had
visited witness in the hope of being re-
employed. Witness asked him to come
on the following morning and while
the man was leaving the company's
premises the Indian watchman assaulted him.

Witness was informed of the
assault when the man came to the office
the next day. The watchman and his
three brothers again assaulted him in
the presence of witness, who interfered
and asked them to desist.

The Magistrate remarked that a case
of that sort always took about three
hours to elucidate and then no one
would be any the wiser. It was a
dispute in which the actual facts could
not be ascertained. He bound the
parties over in bonds of \$100 each to
keep the peace for six months.

A DISHONEST EMPLOYEE.

A Chinese assistant of the Wing On
Firm was charged, on remand, with
attempting to defraud his employees in
respect of 20¢.

The prosecution alleged that defend-
ant was suspected of being dishonest
in his dealings and a watch was kept
by the management. On Thursday
morning the manager marked eight 10
cent pieces and gave them to an out-
sider who went into the shop and
bought 1 lb. of sweets. He paid the
50¢ for the sweets, but defendant did
not tender a receipt. Later on, when
the Manager searched for the filed
duplicate, he found that the sweets were
marked 60 cents a lb. The defendant
was arrested, and when searched at the
Police station one marked 10 cent
piece was found on him.

Defendant stated that he first paid 60
cent to the shop and later on paid in
the other 20¢. He would produce the
receipt for the payment of the sum of
20¢, and would also get a witness to
substantiate his statement.

The cashier of the establishment
denied receiving the money while the
assistant cashier, who was called as a
witness for the defence, flatly contra-
dicted the statement made by the
defendant.

Mr. Wood sentenced defendant to
six weeks' hard labour.

THEFT OF JEWELLERY.

A Chinese was charged with stealing
\$50 worth of jewellery from 295, Shang-
hai Street, Yantai.

Mr. Wood sentenced defendant to
four months' rigorous imprisonment
and four hours' stocks.

EVADING STAMP DUTY.

Li Ching was charged with bringing
12 letters into the Colony without any
stamps.

It was alleged that he came from
Cheung Sui Lau with the letters, which
were found in his pocket.

Defendant pleaded guilty. He was
fined \$15 or 21 days' hard labour.

LOTTERY TICKETS.

Mak Cheong was charged with being
in possession of lottery tickets.
Twenty-one tickets were found on his
person.

Defendant gave the excuse that he
was asked by some one to carry them.
The case was adjourned.

AN OPIUM CASE.

Mr. E. D. Wolfe this morning dis-
charged the Chinese who was charged
with attempting to export 5,000 taels
of opium, valued at \$14,500, to Manila.
The Magistrate said the Police had
failed to prove guilty knowledge on the
part of the defendant in connection
with the exportation of opium.

Mr. Hall, of Messrs. Lo and Lo,
appeared for the defence.

CHILDREN'S COLDS.

Why let the children catch their
colds? Little bodies are such a distressing
matter when you can so easily cure
them with a bottle of Chamberlain's
Cough Remedy, for sale by all Chemists

DEATH BY OPIUM POISONING.

A CORONER'S INQUEST.

This afternoon Mr. E. D. C. Wolfe,
in his capacity as Coroner, with the
assistance of a jury, held an inquest
into the death of a Chinese woman aged
23, living at 31, Des Vaux Road Central,
who died at the Government Civil
Hospital from opium poisoning. The
deceased was insured for \$5,000 in the
Foo Kiang Insurance Company.

Mr. E. L. Shenton appeared for the
relatives of the deceased and Mr.
Davidson represented the Insurance
Company.

The Coroner said the point the jury
would have to decide was whether
death was due to accidental opium
poisoning or whether the opium was
self-administered.

Mr. Shenton cited was the of Cliff
and another v. Schwab reported in 17
Law Journal page 2, which he thought
was on all fours with the present
enquiry and he suggested that the same
questions which were put by the
Coroner in that case might be appro-
priately put to the present jury.

The Coroner handed the questions, a
copy of which was supplied by Mr.
Shenton, to the jury.

Dr. Yen Kien, Resident Physician,
Government Civil Hospital, said the
deceased was brought in an unconscious
condition to the Government Civil
Hospital on 20th ultimo. He had been
informed that the woman had taken
opium. The woman died at 9 a.m. the
same day. He held a post-mortem
examination and in his opinion a death
was due to opium poisoning.

Cross-examined by Mr. Shenton,
witness said people who had acquired
the habit of opium drank it, smoked it
or had it injected. They might or
might not mix it with wine and they
might use water. It was more likely
for people to mix the opium in other
liquid substance. Drinking opium
would have the same effect as morphia.

Cross-examined by the Coroner,
witness stated that he was quite
satisfied that deceased was not suffering
from any disease. If she had been
suffering from a disease it would have
been apparent at the post-mortem
examination.

In reply to Mr. Davidson witness said
if a person desired to take his or her
life the best way would be to drink it.
He did not know whether prepared or
unprepared opium would be mixed with
wine for the purpose of drinking it.

Mr. Shenton asked whether the con-
stitutional power of resisting poison was
greater in the day time than in the early
hours of the morning. Witness said there
would be no difference.

The deceased's husband said on the
night of the 16th he left the house and
returned at 6 o'clock the following
morning. On entering the house he
noticed the deceased lying on the bed.
He heard her breathing hard. The
doctor was called and he pronounced her
as opium poisoning. She died at 9 a.m.
suffering from pain in the heart for
some three years.

The inquest is proceeding.

CAMBRAI IN RUINS.

SUCCESSIVE EXPLOSIONS IN CITY.

London, Oct. 9.
Reuter's Correspondent at British Headquarters says:—
Successive explosions have occurred in Cambrai, reducing the town to ruins.

STRONGLY DEFENDED GERMAN POSITIONS CARRIED.

London, Oct. 9, 4.35 p.m.
A French communiqué states:—
South-east of St. Quentin at night we carried bitterly defended German positions between Harly and Neuville St. Amand, and enveloped the village of Neuville St. Amand from the north.

The artillery duel has been violent south of the Oise and on the Suippe front.

North of the Arnes the Germans attempted to deprive us of our yesterday's gains. They failed, with heavy losses.

Over 600 prisoners were taken on the Arnes front yesterday.

THE WAR SITUATION.

GENERAL GOURAUD'S STRATEGY.

London, Oct. 8.
Numerous prisoners have been reported.

In the region of Maubault on the Champagne front General Gouraud attacked on a front of five miles and advanced to a depth of two miles, capturing a number of important points.

If General Gouraud advances much further, he will outflank the enemy on the Suippe, where the French have so far been held up.

The French and Americans today attacked the heights on the Meuse on a front of seven miles and advanced between one to two miles, nearly reaching the line from where the enemy attacked in February, 1916.

Of the last two named attacks there are no details, but we are progressing satisfactorily.

A slight advance was achieved today north of the Scarpe, but there are no details.

GERMAN REPORTS.

London, Oct. 9, 9.50 p.m.

A wireless German official report states:—

We broke up the enemy's assault west of the Cambrai-Bohain road.

On both sides of the Roemer road and in the direction of Le Cateau the enemy made a deeper breach into our lines. We stopped his thrust in Bohain.

In a southern wing attack the enemy gained a little ground.

Our troops, threatened in the flank by a breach in the centre of the battle-front, were forced to withdraw their wing to the western border of Fresnoy-le-Grand.

In Champagne the French and Americans in great force only succeeded in breaking into our lines on both sides of St. Etienne, but our counter-attack drove him out.

Between Brabant and Ormes the enemy forced his way into Consenroye-Woods, where we brought him to a standstill.

London, Oct. 10, 1.10 a.m.

A wireless German evening official report states:—

Between Cambrai and St. Quentin we occupied positions in the rear, thereby giving up Cambrai.

FIGHTING IN ALBANIA.

FURTHER ITALIAN SUCCESSES.

London, Oct. 9.
An Italian official message states:—
In Albania, after crushing the enemy's rearguards who offered a stubborn resistance, we entered El Bassan on October 7th.

The advance continues.

AUSTRIANS EVACUATE EL BASSAN.

London, Oct. 9, 10.50 p.m.

A wireless Austrian official report states:—

In Albania the French and Serbians entered El Bassan, which we evacuated.

PREMIER'S CONGRATULATIONS TO ARMY.

GREATEST CHAPTER IN OUR HISTORY.

THE EMPIRE'S PRIDE IN RECENT FEATS.

London, Oct. 9.

The Premier has sent this message to Field-Marshal Sir Douglas Haig:

"I have just heard from Marshal Foch of the brilliant victory won by the Third and Fourth Armies, and wish to express to yourself, General Sir Julian Byng, General Sir Henry Hawtinson and all officers and men under your command our sincerest congratulations on the great and significant success which the British Army with their American brothers-in-arms have gained during the past few days. The courage and tenacity with which the Empire's troops, after withstanding the terrific onslaughts of last spring, have again resumed the offensive with such decisive results is the greatest chapter in our military history. Smashing the enemy's great defensive system in the West, which he claimed impregnable, is a feat of which we are all justly proud and for which the Empire will ever be grateful."

GERMAN WAR MINISTER RESIGNS.

COPENHAGEN, Oct. 10.
A Berlin official report states that the resignation of the War Minister, General von Stein, has been accepted.

Major-General von Scheuch has been appointed his successor.

THE GERMAN REQUEST FOR PEACE.

NEWSPAPERS URGE RETRIBUTION.

GERMAN TOWNS AS RANSOM FOR VANDALISM IN FRANCE.

London, Oct. 9.

The demand for something more than an unconditional surrender by Germany is being intensified in columns of letters to the papers, recalling the German crimes and urging retribution.

They include letters by Sir Henry Spenser Wilkinson (Professor of Military History at Oxford) and declarations that a prior condition of the cessation of hostilities should be the occupation of the Metz, Strassbourg, Mainz, Trier, Trarbach and Pöhl fortresses.

Viscount Middleton asks for a pronouncement from the Allies that peace will not be made till retribution is exacted of German towns for the vandalism in France.

The Times describes the enemy's policy of burning and destroying as he retreats, and says German towns, like Hamburg and Frankfurt, must be marked down for ransom for French and Belgian towns destroyed, apart from military necessity.

The Daily Telegraph hopes that the Allies, with whom the French and Belgian Governments announced that they were communicating on the subject of reprisals have already reached decisions, for there is no room for delay. Germany must be given to understand that reparation will be exacted to the uttermost farthing, whatever the German Government of the day, whether repentant or unrepentant.

The Morning Post says the Allied Armies should visit every part of Germany after peace and teach the Germans the meaning of the defeat.

The Daily Mail demands an Allied warning that for each wasted Allied town a German town shall be destroyed or expropriated.

PRESIDENT WILSON'S REPLY TO GERMAN NOTE.

FORCES A NEXT STEP UPON THE ENEMY.

London, Oct. 9.

Reuter's Agency is informed that the official view is that President Wilson's reply forces a next step upon the enemy, from whom any fresh development must emanate.

BRAZIL'S REPLY.

London, Oct. 9.
The Press Bureau states that Brazil, in replying to the Austro-German Peace Note, states: "We are persuaded that the war can only end with the capitulation of the militarism which caused it, and which is ruining Europe."

EARLIER TELEGRAMS.

BRITISH CAPTURE CAMBRAI.

EIGHT THOUSAND PRISONERS AND MANY GUNS.

London, Oct. 9, 12.55 p.m.

Field-Marshal Sir Douglas Haig reports:—

We further progressed last evening east of Soignies and in the direction of Bohain and Marais.

We reached the western outskirts of Valenciennes and gained the line of the La Targette-Cambrai road, capturing Forcville.

The Third and Fourth Armies at 5.30 this morning again attacked on the whole of their front, rapidly progressing everywhere.

Shortly after mid-night the Canadians attacked north of Cambrai. Ramillies was captured and the crossings of the Canal de Lessaut were secured in the neighbourhood of Ramillies.

We have entered Cambrai. Yesterday's prisoners exceed 8,000, with many guns.

BRITISH, FRENCH AND AMERICANS ATTACK.

London, Oct. 8.

Reuter learns that today's offensive comprised three attacks by the British, French and Americans on the whole front from Cambrai to St. Quentin.

The French captured the hills eastward of Rouvrois and the villages of Esignay and Fontaine, while the British and Americans have reached and follow Beauregard, Brancourt, through Premont, Serain, Malicourt, westwards of Valenciennes, Ennes and Mergies to the old line south of Cambrai. The advance was on a front of 21 miles to an average depth of two and a maximum depth of three miles.

Weaker resistance than usual was encountered in the centre, but the enemy brought up two fresh divisions south of Cambrai and counter-attacked heavily, but was repulsed.

A SIGNIFICANT DEVELOPMENT.

London, Oct. 8.

A significant development is apparently at hand, owing to the new advance on the Cambrai-St. Quentin front.

We are now only two miles from Buigny, and eight from Le Cateau. Another slight advance will give us command of the Oise Valley and would compel the enemy to evacuate St. Gobain massif, also Lion, which is in flames.

TERRIBLE HAMMERING FOR ENEMY.

London, Oct. 9.

Reuter's Correspondent at British Headquarters, telegraphing last evening, says:—

Over sixteen enemy divisions to-day were given a terrible hammering by the Third and Fourth Armies, with whom are strong American units, and it is certain that a tremendous toll is being levied upon the dwindling German manpower.

Operations at Cambrai and St. Quentin constituted a series of battles developing one after another all night and at day-break to-day (8th inst.) at least fifteen miles of the British front was ablaze with infantry attacks. We generally progressed rapidly, although sticky points were encountered.

The Welsh had the toughest task of breaking through the remainder of the Beaurevoir-Mantres line, but once the Germans were driven out and the Welshmen reached the open enemy broke.

The New Zealanders carried Ennes, taking over 700 prisoners, in the finest feat.

German tanks were of a fairly fast type, but the numbers soon got on top of them, and they were low-flying aircraft.

The Americans have done brilliantly, taking 1,600 prisoners and capturing Premont.

We are now well out in the open rolling country.

Our casualties are relatively light.

THE BELGIAN FRONT.

FIERCE ENEMY BOMBARDMENT.

London, Oct. 9.

A Belgian communiqué states:—
The enemy at night violently bombarded our front line in the outskirts of Roulers and during the day bombarded Niepoort and Clercken, also back areas.

Enemy aeroplanes were very active, machine-gunning our front line at Mormalde and Paschendale.

CHAMBERLAIN'S PAIN BALM.

There is nothing so good for muscular rheumatism, sprains, lameness, cramps of the muscles, bruises and like injuries as Chamberlain's Pain Balm. It will affect a cure in less time than any other treatment.

Chamberlain's Pain Balm is sold by all chemists and druggists.

THE FRENCH FRONT.

FURTHER PROGRESS REGISTERED.

MORE POINTS CAPTURED.

London, Oct. 9.

A French communiqué states:—
North-east of St. Quentin the French, in conjunction with the British, attacked this morning on a front of 10 kilometres. Despite stubborn resistance, we penetrated strong positions and made important progress.

We captured Fontaine Uterre and Bellecourt Farm, and reached the south-western outskirts of Esignay-le-Petit. We conquered the woods east of Tilloy, Hill 134, and the village of Rouvrois.

So far we have taken over 1,200 prisoners, including 200 captured at Bellecourt Farm.

On the Suippe front fighting continued all day. The Germans strove vigorously to recover the captured positions. Their counter-attacks on the north bank, against Orainville and the Pont d'Avril bridgehead were repulsed.

Further east, the enemy several times unsuccessfully attempted to eject us from Bazancourt.

North of the Arnes the French and Americans gained fresh successes. Supported by tanks they drove back the enemy over three kilometres north of St. Pierre Arnes.

On the right bank of the Aisne we captured the plateau north-east of Outry, and reached the southern outskirts of Lanoen, taking numerous prisoners.

AMERICAN FRONT.

STIFF FIGHTING ON THE MEUSE.

BRILLIANT ASSAULT BY FRENCH AND AMERICANS.

London, Oct. 9.

An American official report states:—
We captured Cerny and against stubborn fighting continued to advance in the Argonne Forest.

The French and Americans east of the Meuse brilliantly attacked in the vicinity of Bois-des-Canons and Bois-de-Aumont, and occupied Consenroye, Brabant, Harcourt, and Beaumont, and drove the enemy well beyond them.

We, in co-operation with the French astride the Meuse, are pushing back the enemy from the scene of the desperate struggles for Verdun.

Today's total prisoners exceed 3,000, of which 1,600 were taken by the French east of the Meuse.

This Command has taken over 4,000 prisoners in the last few days. The French captured 18 heavy trench mortars.

NOTABLE PROGRESS BY AMERICANS.

London, Oct. 9.

Reuter's Correspondent at American Headquarters, telegraphing on Tuesday, at noon, says:—

Notable progress was made yesterday in the direction where the gain of ground is essential to our further advance.

The capture of the hill above Chateaubery is squeezing out the enemy still lurking in the centre of Argonne, south of Grandpre.

The most interesting event of the day was the expiration of a battalion which had been isolated and surrounded by the enemy in Argonne Forest for the past five days. In its advance it lost touch with the troops on either side and the enemy trickling between severed the connection. Its plight was known and several attempts were made by the French and ourselves to relieve it, but they were unsuccessful. Airplanes swooping down in the dense forest dropped food and ammunition baskets and carrier-pigeons at the place it was supposed to be, but last night the advance of our centre rescued the battalion.

THE BATTLE EXTENDS.

London, Oct. 9.

Reuter's Correspondent at the French Headquarters, writing on the afternoon of Tuesday, says:—

There was an extension of the battle east of the Meuse and the entire front is active from Roulers to Woerw.

The offensive is, for the moment, heaviest on three main sectors corresponding with the wings and centre, namely: Cambrai-St. Quentin; the Suippes and the Meuse.

Marshal Foch, in the intermediate zones, contents himself with steady pressure for the moment.

General Marglin between the Oise and the Aisne, is vigilantly following every movement of the enemy.

The battle in eastern Champagne has died down. Here the Germans have thrown in reserves against our troops, who have been fighting uninterruptedly for weeks.

Marshal Foch counters by extending the battle across the Meuse with the aid of vast American reserves and the Germans must again find reinforcements.

The Governor is known to be a patriotic Turk, but not to the same degree under German influence as the statesmen at Constantinople. The liberation of Beyrout is a tremendous political blow to Turkey and should speedily compel the Turks to reach a decision.
